

TX-624 CoC Scoring and Ranking Overview

HUD expects CoCs to implement a thorough review and oversight process at the local level for new and renewal project applications submitted in the FY 22 CoC Program Competition. All complete and timely submitted applications deemed eligible for submission, new and renewal applications, will be scored by the CoC Review and Ranking Committee. The committee will use an objective Rating and Ranking Tool designed to evaluate the goals, anticipated/former performance provided in the application and the cost of providing the services.

Due to the competitiveness of the CoC Grant, submission of projects in e-snaps does not guarantee that a project will be accepted and ranked. Applicants who believe they were denied the opportunity to participate in the local CoC process or who were rejected or reallocated may appeal directly to HUD by submitting a Solo Application.

In the Scoring and Ranking process:

- New projects – Evaluates the applicant’s aptitude to operate the project, cost effectiveness of the proposed project, quality of the application, and addressing identified needs.
- Renewal projects - Are evaluated on past performance, cost effectiveness, and performance measures.
- Planning projects are not included in ranking.

All CoC funded projects must align with HUD’s policy priorities, which include, but are not limited to, ending homelessness, allocating and strategic use of available resources, increasing income and methods to become self-sustaining.

All applications, New and Renewal, must meet submission deadlines (failure to meet submission deadlines will result in project not being accepted)

The CoC Scoring and Ranking Tool will be included in the CoC application submitted to HUD.
