

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It

- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

The CoC continues to evaluate and determine ways to reach out to those interested in working with the CoC in ending homelessness. The CoC is continuing to make a concerted effort in obtaining guidance from persons with lived experience to expand outreach efforts and engagement. (limit 2,500 characters)

Our CoC currently utilizes the Housing First Checklist: Assessing Projects and Systems. This assessment was designed by the United States Interagency Council on Homelessness. These assessments screens for eligibility of applicants without income, aren't clean and sober or treatment compliant at the time of their applying for services, or may have have criminal charges or involvement. It also determines whether eviction can occur for failure to adhere to service and treatment plans. Monthly reviews of Intakes are examined to ensure other programs, such as ESG programs, are adhering to Housing First. Goal is to obtain housing for homeless persons. Works with entities to provide housing as quickly as possible. Utilize the thought and enact the belief that goals can be accomplished when the 1st priority, housing, is met. Do not delay or deny services for housing waiting on persons to make changes or adapt to certain participation goals before obtaining housing.

1D-3.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	

Describe in the field below:

1.	your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;
2.	whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;
3.	how often your CoC conducts street outreach; and
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.

(limit 2,500 characters)

Due to the CoC having a large rural geographic area, a lot of outreach is through none CoC entities. Observation and knowledge of local residents play a large role in recognizing persons in homeless situations. This observations in rural counties is an asset in providing information about locations and the needs for services. Although the CoC does not have a centralized Street Outreach covering 100% of the CoC's geographic area, outreach is performed in all of the counties in the geographic service area.. The method more commonly used are capturing the numbers receiving services through outreach services such as meals services, worship services, and personal need give away projects offered in areas frequented by homeless persons. This may include local parks, camp sites and other entities where homeless persons migrate to or visit for assistance. Street Outreach is conducted at least weekly during warmer months; as able during the colder and inclement weather months. In an effort to reach the harder to reach or those less likely to seek services, our CoC uses a method of find one one bring one. This means a lot of the information is provided to other homeless persons through other homeless persons. Notices of events are posted in populated areas as well.

(limit 2,500 characters)

The CoC has participants that work with groups providing services noted. It also has members who were past employees of mainstream resources. Members of the CoC are able to assist clients in applying for some services on-line avoiding the client having to schedule an additional appointment with another agency to receive services. Updates and information is provided to the homeless through activities held in shelters and outreach including those that are not participants with the CoC. Notification are also distributed through agencies providing assistance to homeless populations such as food and clothing providers. CoC has agencies that work with special populations to complete paperwork for programs to assist in daily living for the homeless population. Our CoC also has persons that can actually set up services and certify participants for the programs. The Lead Agency has the Area Agency on Aging housed in the location. This agency assist with open enrollment for Medicare benefits annually. It also houses agencies that work with insurance sign-ups for disabled populations, HIV/AIDS programs and SSI/SSDI Outreach.

2.	prevent infectious disease outbreaks among people experiencing homelessness.

(limit 2,500 characters)

Our CoC works with the local community health clinics, county health agencies, hospitals and pharmacies in an effort to ensure that information is shared on infectious diseases in the geographic service area. Shelters and other entities that work with the homeless population provide notice of immunization programs and other programs to stop the spread of infections. During Intake for assistance, persons are also made aware of help for any know medical assistance that is needed. Health assistance is provided in various locations in order to make it an effective outreach; not just targeting one area for help. The CoC helps in distribution of materials to assist in case of an outbreak. The CoC also works with city and county Emergency Management agencies to stay abreast of actions needed in case of any outbreaks, infection emergencies. Information is provided timely and repeatedly in order to reach more persons and to stay current.

The CoC effectively equipped providers to prevent or limit infectious disease outbreaks among clients by sharing info related to public health measures homelessness on a consistent basis. The CoC members participated in several statewide COVID policy groups, met w/elected officials, spoke in state government meetings, and attended pandemic updates. Our CoC was able to provide masks, gloves and supplies to entities working with the homeless population. 1D-9.	Centralized or Coordinated Entry System–Assessment Process.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC’s coordinated entry system:	
	1. covers 100 percent of your CoC’s geographic area;	
	2. uses a standardized assessment process; and	
	3. is updated regularly using feedback received from participating projects and households that participated in coordinated entry.	

(limit 2,500 characters)

Our CoC covers 16 counties of the 254 counties located in the State of Texas. A total of 14 of these counties would be considered rural counties. Although the same type services are needed by participants, the method of providing services differ greatly due to the availability of providers. Barriers also affect the availability of getting some services such as transportation, internet providers and over all knowledge of available resources. An assessment is utilized that gains the standard assessment needs in order to determine and provide the services. 211 is a referral system that the CoC also has to use frequently in order to ensure that persons are aware of services in order to start the CE process. Outlying and rural counties that don't actively work with the CoC receive updates through county, civic and religious organizations to ensure they are aware of the process of CE to receive services. The goal is to have entities in each county in CE to avoid longer timeframes of participants receiving services.

1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:

2.	prioritizes people most in need of assistance;	
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and	
4.	takes steps to reduce burdens on people using coordinated entry.	

(limit 2,500 characters)

The CoC's CE system reaches people who are least likely to apply for homeless assistance in the absence of special outreach by participating in monthly and quarterly updates with persons providing services to homeless populations. The CoC works closely with mental health and medical entities because data shows that a high population least likely to apply for assistance in the geographic area are persons with mental health illness. Persons involved in street outreach are also active in providing updates and information to persons that tend to avoid populated areas due to feelings of rejection or other issues that keep them from seeking help. Our CoC markets information about available help and how to receive help. This information is provided to entities that provide services such as food banks, state benefits, daily needs, etc. Strategies are utilized to assist all persons regardless of their ability to access the CE system.

(limit 2,500 characters)

The CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance includes data analysis, client feedback and participant input during monitoring visits. During the last PIT count, the count reflected a decrease in Blacks with and increase in Hispanics. However, CE and housing program intakes show increased numbers in assistance to other races. Minorities, Blacks and Hispanic, are seeking housing assistance but find it takes longer to find housing. For people who receive the housing assistance it appears that Blacks and Hipanic/Latinos are less likely to find housing as quickly as Whites. It is also noted that the geographic service area has some areas where minorities are absent from the population which could also result in showing percentages of more Whites receiving housing assistance.

The CoC revises the process for scoring and selecting projects annually. Changes, if applicable, are based on results from data collected during the prior grant cycle from collected and analyzed data. This data comes from mandatory reports, monitoring efforts, PIT, feedback, etc. This information is shared with the CoC and stakeholders. The CoC analyzes data on how long it takes to house people in PH by reviewing CoC APRs and other customized HMIS reports. It is understood that a project serving populations with the highest barriers may present lower overall accomplishment but the barriers of reaching these populations is a significant goal of the CoC.

4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

- | | |
|----|---|
| 1. | You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete. |
| 2. | You must upload an attachment for each document listed where 'Required?' is 'Yes'. |
| 3. | We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube. |
| 4. | Attachments must match the questions they are associated with. |
| 5. | Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. |
| 6. | If you cannot read the attachment, it is likely we cannot read it either. |
| | <ul style="list-style-type: none"> . We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time). . We must be able to read everything you want us to consider in any attachment. |
| 7. | After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include. |
